Dear Applicant:

Thank you for your interest in the Graduate Assistance in Areas of National Need (GAANN) program. Included in this application booklet are the program statute and regulations, and the instructions and forms needed to submit a complete application package to the U.S. Department of Education.

GAANN provides grants to academic departments and programs of institutions of higher education to support graduate fellowships for students with excellent academic records who demonstrate financial need and plan to pursue the highest degree available in their course of study.

We will accept grant applications in the following academic areas, designated by the Secretary as areas of national need for FY 2004: biology, chemistry, computer and information sciences, engineering, geological and related sciences, mathematics, and physics. A department or program of an institution of higher education may also submit a multidisciplinary or interdisciplinary project application in two or more of these designated academic areas.

No single department or program may receive more than \$750,000 as an aggregate total of new and continuing GAANN grants in any fiscal year. A department or program may not submit more than one application for a new GAANN grant in any fiscal year.

Please review the Notice Inviting Applications, contained in this booklet, for the instructions concerning submission of applications and our e-Application system.

For further information regarding the program, please contact Ms. Brandy Silverman in the Office of International Education and Graduate Programs. Ms. Silverman may be reached by telephone at (202) 502-7886 or via e-mail at ope_gaann_program@ed.gov.

Thank you for your interest in the GAANN Program.

Sincerely,

Wilbert Bryant
Deputy Assistant Secretary
for Higher Education Programs

(CFDA NO. 84.200A)

Office of Postsecondary Education.

Graduate Assistance in Areas of National Need (GAANN)

Program.

Notice inviting applications for new awards for fiscal year
(FY) 2004.

PURPOSE OF PROGRAM: GAANN provides fellowships in areas of national need to assist graduate students with excellent academic records who demonstrate financial need and plan to pursue the highest degree available in their courses of study.

ELIGIBLE APPLICANTS: Academic departments of institutions of higher education that meet the requirements in the program regulations at 34 CFR 648.2.

APPLICATIONS AVAILABLE: October 1, 2003.

DEADLINE FOR TRANSMITTAL OF APPLICATIONS: November 7, 2003.

DEADLINE FOR INTERGOVERNMENTAL REVIEW: January 7, 2004.

ESTIMATED AVAILABLE FUNDS: The Administration has requested \$10,015,000 for the GAANN Program new awards for FY 2004. The actual level of funding, if any, depends on final congressional action. However, we are inviting

applications to allow enough time to complete the grant process if Congress appropriates funds for this program.

ESTIMATED RANGE OF AWARDS: \$124,668 - \$750,000.

ESTIMATED AVERAGE SIZE OF AWARDS: \$208,645.

ESTIMATED NUMBER OF AWARDS: 48.

Note: The Department is not bound by any estimates in this notice.

SUPPLEMENTARY INFORMATION

Stipend Level: The Secretary will determine the GAANN fellowship stipend for the academic year 2004-2005 based on the level of support provided by the National Science Foundation (NSF) graduate fellowships as of February 1, 2004, except that the amount will be adjusted as necessary so as not to exceed the GAANN fellow's demonstrated level of financial need.

Institutional Payment: The Secretary will determine the institutional payment for the academic year 2004-2005 by adjusting the previous academic year institutional payment, which is \$11,296 per fellow, by the U.S. Department of Labor's Consumer Price Index for the 2003 calendar year.

PROJECT PERIOD: Up to 36 months.

PAGE LIMIT: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your

application. You must limit Part III as follows:

Applications in a single discipline must be limited to no more than 40 pages.

Interdisciplinary applications, as defined below, must be limited to no more than 60 pages.

Multidisciplinary applications, as defined below, must be limited to no more than 40 pages for each academic discipline included in the proposal.

All applications (single discipline, Interdisciplinary and Multidisciplinary) must apply the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions. However, you may single space all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs presented in the application narrative do count toward the page limit.
- Use a font that is either 12-point or larger or no smaller than 10 pitch (character per inch).
- Appendices are limited to the following: curriculum

vitae - no more than two pages per faculty member; a course listing; letters of support; bibliography; and one additional optional appendix relevant to the support of the proposal, not to exceed five pages.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section; the assurances and certifications; the one-page abstract; or the appendices. However, you must include all of the application narrative in Part III.

We will reject your application if—

- You apply these standards and exceed the page limit;

or

- You apply other standards and exceed the equivalent of the page limit.

Note: Interdisciplinary applications request funding for a single proposed program of study that involves academic fields in two or more disciplines.

Multidisciplinary applications request funding for two or more proposed programs of study that are independent and unrelated to one another. Applicants must abide by these definitions of "Interdisciplinary" and "Multidisciplinary" when applying the page limit standards.

APPLICABLE REGULATIONS: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts

74, 75, 77, 79, 82, 85, 86, 97, 98, and 99; and (b) The regulations for this program in 34 CFR part 648.

PRIORITY:

Absolute Priority: This competition focuses on projects designed to meet a priority in the regulations for this program (34 CFR 648.33).

Areas of National Need: A project must provide fellowships in one or more of the following areas of national need: biology, chemistry, computer and information sciences, engineering, geological and related sciences, mathematics, and physics.

Under 34 CFR 75.105(c)(3) we consider only applications that meet the priority.

PERFORMANCE MEASURES: Under the Government Performance and Results Act (GPRA), two measures have been developed for evaluating the overall effectiveness of the GAANN Program:

- 1) To increase the percentage of GAANN fellows who obtain a doctorate degree in an area of national need; and
- 2) To increase the percentage of GAANN fellows from traditionally underrepresented populations.

All grantees will be expected to submit an annual performance report documenting their success in addressing these performance measures.

APPLICATION PROCEDURES:

The Government Paperwork Elimination Act (GPEA) of 1998 (Pub. L. 105-277) and the Federal Financial Assistance Management Improvement Act of 1999 (Pub. L. 106-107) encourage us to undertake initiatives to improve our grant processes. Enhancing the ability of individuals and entities to conduct business with us electronically is a major part of our response to these Acts. Therefore, we are taking steps to adopt the Internet as our chief means of conducting transactions in order to improve services to our customers and to simplify and expedite our business processes.

Note: Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

We are requiring that applications for grants for FY 2004 under the GAANN program be submitted electronically

using e-Application available through the Department's e-GRANTS system. The e-GRANTS system is accessible through its portal page at:

<http://e-grants.ed.gov>

An applicant who is unable to submit an application through the e-GRANTS system may submit a written request for a waiver of the electronic submission requirement. In the request, the applicant should explain the reason or reasons that prevent the applicant from using the Internet to submit the application. The request should be addressed to: Brandy Silverman, U.S. Department of Education, 1990 K St., NW, room 6018, Washington, DC 20006-8521. Please submit your request no later than two weeks before the application deadline date.

If, within two weeks of the application deadline date, an applicant is unable to submit an application electronically, the applicant must submit a paper application by the application deadline date in accordance with the transmittal instructions in the application package. The paper application must include a written request for a waiver documenting the reasons that prevented the applicant from using the Internet to submit the application.

Pilot Project for Electronic Submission of Applications

In FY 2004, the Department is continuing to expand its pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The GAANN program-CFDA 84.200A is one of the programs included in the pilot project. If you are an applicant under GAANN, you must submit your application to us in electronic format or receive a waiver.

The pilot project involves the use of the Electronic Grant Application System (e-Application). Users of e-Application will be entering data on-line while completing their applications. You may not e-mail a soft copy of a grant application to us. The data you enter on-line will be saved into a database. We shall continue to evaluate the success of e-Application and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.
- You will not receive additional point value because you submit a grant application in electronic format, nor

will we penalize you if you submit an application in paper format.

- You must submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information Sheet, and all necessary assurances and certifications.

- Your e-Application must comply with any page limit requirements described in this notice.

- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Education Assistance (ED 424) to the Application Control Center after following these steps:

1. Print ED 424 from e-Application.
2. The institution's Authorizing Representative must sign the ED 424.
3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.
4. Fax the signed ED 424 to the Application Control Center at (202) 260-1349.

- We may request that you give us original signatures on other forms at a later date.

- Application Deadline Date Extension in Case of System Unavailability: If you are prevented from submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. For us to grant this extension--

1. You must be a registered user of e-Application and have initiated an e-Application for this competition; and

2. (a) The e-Application system must be unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

- (b) The e-Application system must be unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 and 4:30 p.m., Washington, DC time) on the application deadline date.

The Department must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm the Department's acknowledgement of any system unavailability, you may contact either (1) the person listed elsewhere in this

notice under FOR FURTHER INFORMATION CONTACT or (2) the e-GRANTS help desk at 1-888-336-8930.

PROGRAM STATUTE

TITLE VII--GRADUATE AND POSTSECONDARY IMPROVEMENT PROGRAMS

SEC. 701. REVISION OF TITLE VII.

Title VII (20 U.S.C. 1132a et seq.) is amended to read as follows:

'TITLE VII--GRADUATE AND POSTSECONDARY IMPROVEMENT PROGRAMS

'SEC. 700. PURPOSE.

'It is the purpose of this title--

'(1) to authorize national graduate fellowship programs--

'(A) in order to attract students of superior ability and achievement, exceptional promise, and demonstrated financial need, into high-quality graduate programs and provide the students with the financial support necessary to complete advanced degrees; and

'(B) that are designed to--

'(i) sustain and enhance the capacity for graduate education in areas of national need; and

'(ii) encourage talented students to pursue scholarly careers in the humanities, social sciences, and the arts; and

'(2) to promote postsecondary programs.

'PART A—GRADUATE EDUCATION PROGRAMS

'Subpart 2--Graduate Assistance in Areas of National Need

'SEC. 711. GRANTS TO ACADEMIC DEPARTMENTS AND PROGRAMS OF INSTITUTIONS.

'(a) GRANT AUTHORITY -

'(1) IN GENERAL - The Secretary shall make grants to academic departments, programs and other academic units of institutions of higher education that provide courses of study leading to a graduate degree in order to enable such institutions to provide assistance to graduate students in accordance with this subpart.

'(2) ADDITIONAL GRANTS - The Secretary may also make grants to such departments, programs and other academic units of institutions of higher education granting graduate degrees which submit joint proposals involving non-degree granting institutions which have formal arrangements for the support of doctoral dissertation research with degree-granting institutions. Non-degree granting institutions eligible for awards as part of such joint proposals include any organization which--

'(A) is described in section 501(c)(3) of the Internal Revenue Code of 1986, and is exempt from tax under section 501(a) of such Code;

'(B) is organized and operated substantially to conduct scientific and cultural research and graduate training programs;

'(C) is not a private foundation;

'(D) has academic personnel for instruction and counseling who meet the standards of the institution of higher education in which the students are enrolled; and

'(E) has necessary research resources not otherwise readily available in such institutions to such students.

'(b) AWARD AND DURATION OF GRANTS -

'(1) AWARDS - The principal criterion for the award of grants shall be the relative quality of the graduate programs presented in competing applications. Consistent with an allocation of awards based on quality of competing applications, the Secretary shall, in awarding such grants, promote an equitable geographic distribution among eligible public and private institutions of higher education.

'(2) DURATION AND AMOUNT -

'(A) DURATION - The Secretary shall award a grant under this subpart for a period of 3 years.

'(B) AMOUNT - The Secretary shall award a grant to an academic department, program or unit of an institution of higher education under this subpart for a fiscal year in an amount that is not less than \$100,000 and not greater than \$750,000.

'(3) REALLOTMENT - Whenever the Secretary determines that an academic department, program or unit of an institution of higher education is unable to use all of the amounts available to the department, program or unit under this subpart, the Secretary shall, on such dates during each fiscal year as the Secretary may fix, re-allot the amounts not needed to academic departments, programs and units of institutions which can use the grants authorized by this subpart.

'(c) PREFERENCE TO CONTINUING GRANT RECIPIENTS -

'(1) IN GENERAL - The Secretary shall make new grant awards under this subpart only to the extent that each previous grant recipient under this subpart has received continued funding in accordance with subsection (b)(2)(A).

'(2) RATABLE REDUCTION- To the extent that appropriations under this subpart are insufficient to comply with paragraph (1), available funds shall be distributed by ratably reducing the amounts required to be awarded under subsection (b)(2)(A).

'SEC. 712. INSTITUTIONAL ELIGIBILITY.

'(a) ELIGIBILITY CRITERIA - Any academic department, program or unit of an institution of higher education that offers a program of post baccalaureate study leading to a graduate degree in an area of national need (as designated under subsection (b)) may apply for a grant under this subpart. No department, program or unit shall be eligible for a grant unless the program of post baccalaureate study has been in existence for at least 4 years at the time of application for assistance under this subpart.

'(b) DESIGNATION OF AREAS OF NATIONAL NEED- After consultation with appropriate Federal and nonprofit agencies and organizations, the Secretary shall designate areas of national need. In making such designations, the Secretary shall take into account the extent to which the interest in the area is compelling, the extent to which other Federal programs support post baccalaureate study in the area concerned, and an assessment of how the program could achieve the most significant impact with available resources.

'SEC. 713. CRITERIA FOR APPLICATIONS.

'(a) SELECTION OF APPLICATIONS - The Secretary shall make grants to academic departments, programs and units of institutions of higher education on the basis of applications submitted in accordance with subsection (b). Applications shall be ranked on program quality by review panels of nationally recognized scholars and evaluated on the quality and effectiveness of the academic program and the achievement and promise of the students to be served. To the extent possible (consistent with other provisions of this section), the Secretary shall make awards that are consistent with recommendations of the review panels.

'(b) CONTENTS OF APPLICATIONS - An academic department, program or unit of an institution of higher education, in the department, program or unit's application for a grant, shall--

'(1) describe the current academic program of the applicant for which the grant is sought;

'(2) provide assurances that the applicant will provide, from other non-Federal sources, for the purposes of the fellowship program under this subpart an amount equal to at least 25 percent of the amount of the grant received under this subpart, which contribution may be in cash or in kind, fairly valued;

'(3) set forth policies and procedures to assure that, in making fellowship awards under this subpart, the institution will seek talented students from traditionally underrepresented backgrounds, as determined by the Secretary;

'(4) describe the number, types, and amounts of the fellowships that the applicant intends to offer with grant funds provided under this part;

'(5) set forth policies and procedures to assure that, in making fellowship awards under this subpart, the institution will make awards to individuals who--

'(A) have financial need, as determined under part F of title IV;

'(B) have excellent academic records in their previous programs of study; and

'(C) plan to pursue the highest possible degree available in their course of study;

'(6) set forth policies and procedures to ensure that Federal funds made available under this subpart for any fiscal year will be used to supplement and, to the extent practical, increase the funds that would otherwise be made available for the purpose of this subpart and in no case to supplant those funds;

'(7) provide assurances that, in the event that funds made available to the academic department, program or unit under this subpart are insufficient to provide the assistance due a student under the commitment entered into between the academic department, program or unit and the student, the academic department, program or unit will, from any funds available to the department, program or unit, fulfill the commitment to the student;

'(8) provide that the applicant will comply with the limitations set forth in section 715;

'(9) provide assurances that the academic department will provide at least 1 year of supervised training in instruction for students; and

'(10) include such other information as the Secretary may prescribe.

'SEC. 714. AWARDS TO GRADUATE STUDENTS.

'(a) COMMITMENTS TO GRADUATE STUDENTS -

'(1) IN GENERAL - An academic department, program or unit of an institution of higher education shall make commitments to graduate students who are eligible students under section 484 (including students pursuing a doctoral degree after having completed a master's degree program at an institution of higher education) at any point in their graduate study to provide stipends for the length of time necessary for a student to complete the course of graduate study, but in no case longer than 5 years.

'(2) SPECIAL RULE - No such commitments shall be made to students under this subpart unless the academic department, program or unit has determined adequate funds are available to fulfill the commitment from funds received or anticipated under this subpart, or from institutional funds.

'(b) AMOUNT OF STIPENDS - The Secretary shall make payments to institutions of higher education for the purpose of paying stipends to individuals who are awarded fellowships under this subpart. The stipends the Secretary establishes shall reflect the purpose of the program under this subpart to encourage highly talented students to undertake graduate study as described in this subpart. In the case of an individual who receives such individual's first stipend under this subpart in academic year 1999-2000 or

any succeeding academic year, such stipend shall be set at a level of support equal to that provided by the National Science Foundation graduate fellowships, except such amount shall be adjusted as necessary so as not to exceed the fellow's demonstrated level of need as determined under part F of title IV.

'(c) TREATMENT OF INSTITUTIONAL PAYMENTS - An institution of higher education that makes institutional payments for tuition and fees on behalf of individuals supported by fellowships under this subpart in amounts that exceed the institutional payments made by the Secretary pursuant to section 716(a) may count such excess toward the amounts the institution is required to provide pursuant to section 714(b)(2).

'(d) ACADEMIC PROGRESS REQUIRED - Notwithstanding the provisions of subsection (a), no student shall receive an award--

'(1) except during periods in which such student is maintaining satisfactory progress in, and devoting essentially full time to, study or research in the field in which such fellowship was awarded; or

'(2) if the student is engaging in gainful employment other than part-time employment involved in teaching, research, or similar activities determined by the institution to be in support of the student's progress towards a degree.

'SEC. 715. ADDITIONAL ASSISTANCE FOR COST OF EDUCATION.

'(a) INSTITUTIONAL PAYMENTS -

'(1) IN GENERAL- The Secretary shall (in addition to stipends paid to individuals under this subpart) pay to the institution of higher education, for each individual awarded a fellowship under this subpart at such institution, an institutional allowance. Except as provided in paragraph (2), such allowance shall be, for 1999-2000 and succeeding academic years, the same amount as the institutional payment made for 1998-1999 adjusted annually thereafter in accordance with inflation as determined by the Department of Labor's Consumer Price Index for the previous calendar year.

'(2) REDUCTION- The institutional allowance paid under paragraph (1) shall be reduced by the amount the institution charges and collects from a fellowship recipient for tuition and other expenses as part of the recipient's instructional program.

'(b) USE FOR OVERHEAD PROHIBITED- Funds made available pursuant to this subpart may not be used for the general operational overhead of the academic department or program.

'SEC. 716. AUTHORIZATION OF APPROPRIATIONS.

'There are authorized to be appropriated \$35,000,000 for fiscal year 1999 and such sums as may be necessary for each of the 4 succeeding fiscal years to carry out this subpart.

12. **Human Subjects Research.** (See I.A. "Definitions" in attached page entitled "Definitions for Form ED 424.")

If Not Human Subjects Research. Check "No" if research activities involving human subjects are not planned at any time

If Human Subjects Research. Check "Yes" if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check "Yes" even if the research is exempt from the regulations for the protection of human subjects. (See I.B. "Exemptions" in attached page entitled "Definitions for Form ED 424.")

12a. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check "Yes" if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I.B. "Exemptions." In addition, follow the instructions in II.A. "Exempt Research Narrative" in the attached page entitled "Definitions for Form ED 424." Insert this narrative immediately following the ED 424 face page.

12a. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check "No" if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II.B. "Nonexempt Research Narrative" in the page entitled "Definitions for Form ED 424." Insert this narrative immediately following the ED 424 face page.

12a. Human Subjects Assurance Number. Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

13. Project Title. Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.

14. Estimated Funding. Amount requested or to be contributed during the first funding/budget period by each contributor. Value

of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate **only** the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 14.

15. Certification. To be signed by the authorized representative of the applicant. A copy of the governing body's authorization for you to sign this application as official representative must be on file in the applicant's office. Be sure to enter the telephone and

Definitions for Form ED 424

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

Type of Submission. “Construction” includes construction of new buildings and acquisition, expansion, remodeling, and alteration of existing buildings, and initial equipment of any such buildings, or any combination of such activities (including architects’ fees and the cost of acquisition of land). “Construction” also includes remodeling to meet standards, remodeling designed to conserve energy, renovation or remodeling to accommodate new technologies, and the purchase of existing historic buildings for conversion to public libraries. For the purposes of this paragraph, the term “equipment” includes machinery, utilities, and built-in equipment and any necessary enclosures or structures to house them; and such term includes all other items necessary for the functioning of a particular facility as a facility for the provision of library services.

Executive Order 12372. The purpose of Executive Order 12372 is to foster an intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The application notice, as published in the Federal Register, informs the applicant as to whether the program is subject to the requirements of E.O. 12372. In addition, the application package contains information on the State Single Point of Contact. An applicant is still eligible to apply for a grant or grants even if its respective State, Territory, Commonwealth, etc. does not have a State Single Point of Contact. For additional information on E.O. 12372 go to <http://www.cfda.gov/public/eo12372.htm>.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found

to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 12 on the ED 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative and insert it immediately following the ED 424 face page.

A. Exempt Research Narrative.

If you marked “Yes” for item 12 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 12 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4248, telephone: (202) 708-8263, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://www.ed.gov/offices/OCFO/humansub.html>.

PART III

APPLICATION NARRATIVE

PART III – APPLICATION NARRATIVE

Applications must be submitted electronically via e-Application. Please see page 52 for further information and instructions for submitting applications.

Before preparing the application narrative, the applicant should read **carefully** the program statute, information regarding priorities in the Notice Inviting New Applications, and the program regulations, including Subpart B, §648.20 How does an Institution of Higher Education Apply for a Grant? and Subpart C, §648.30 through §648.33, How Does the Secretary Make an Award?

Narrative Content

1. Begin with a one-page abstract of the proposed project, i.e. a short summary covering the discipline(s) and anticipated numbers of GAANN fellows to be involved, and the expected outcome.
2. Address each selection criterion, including all sub-criteria, in sequential order. The selection criteria can be found in the program regulations, Subpart C, §648.31, What Selection Criteria Does the Secretary Use? on page 26 of this application booklet.
3. Include a statement addressing Section 427 of the General Education Provisions Act (GEPA).
4. Include any other pertinent information that might assist the Secretary in the review of the application.

Narrative Page Limits

The application narrative (Part III of the application) for applications in a single discipline must be limited to no more than 40 pages.

Interdisciplinary applications, as defined below, must be limited to no more than 60 pages.

Multidisciplinary applications, as defined below, must be limited to no more than 40 pages for each academic discipline included in the proposal.

Note: Interdisciplinary applications request funding for a single proposed program of study that involves academic fields in two or more disciplines. Multidisciplinary applications request funding for two or more proposed programs of study that are independent and unrelated to one another. Applicants must abide by the definitions of Interdisciplinary and Multidisciplinary when applying page limits.

ALL applications (single, Inter, or Multi-disciplinary) must apply the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application

narrative including titles, headings, footnotes, quotations, references, and captions. However, you may single space all text in charts, tables, figures, and graphs. Charts, tables, figures, and graphs presented in the application narrative do count toward the page limit.

- Use a font that is either 12-point or larger or no smaller than 10-pitch (character per inch).
- Appendices are limited to the following:
 1. Curriculum Vitae – no more than two (2) pages per faculty member.
 2. Course listing.
 3. Letters of support.
 4. Bibliography.
 5. One additional optional appendix relevant to the support of the proposal, not to exceed five (5) pages.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section; the assurances and certifications; the one-page abstract; or the appendices. However, you must include all of the application narrative in Part III.

Page limitations will be strictly enforced. Your application will be rejected if you apply these standards and exceed the page limit or you apply other standards and exceed the equivalent of the page limit.

NOTE: Section 648.31 – What selection criteria does the Secretary use?

The selection criteria at C.F.R. 648.31, consider an applicant's policies and procedures to ensure enrollment of talented graduate students from traditionally underrepresented backgrounds. Do these criteria require an applicant to give priority to or set aside stipends for students based on race or ethnicity?

That is not the intent of the selection criteria. Rather, they are intended to direct applicants to engage in outreach and recruitment efforts as a means of fostering the enrollment of eligible students from traditionally underrepresented backgrounds. The GAANN criteria do not independently require or authorize applicants to give priority for or set aside stipends for students based on race or ethnicity.

It should be noted, however, that an institution of higher education (IHE) is permitted to take race and ethnicity into consideration in the award of financial aid, provided that the institution complies with the legal principles described in the Department's policy guidance on race-targeted financial aid, under Title VI of the Civil Rights Act, which was published in the Federal Register on February 23, 1994 (59 FED.REG8756). In summary, it is permissible for IHE's to consider race and ethnicity in granting financial aid in order to promote diversity of their student body and to remedy the effects of discrimination. As explained in this guidance, use of race or ethnicity as a remedy or to promote diversity, must be narrowly tailored to achieve those objectives. IHE's that seek to do this should consult the policy guidance for further clarification on how to ensure that race-targeted financial aid is narrowly tailored to meet the objectives of

remedying past discrimination or promoting diversity. IHE's in the Fifth Circuit should note that their discrimination in a public school system as a whole is unclear in light of the Fifth Circuit's decision in Hopewood v. Texas, 78F 3d 932 (5th Cir.) cert, denied, Texas v Hopewood, 115 S. CT. 2581 (1996).

DUNS Number Instructions

D-U-N-S No.: Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

<http://www.dnb.com/dbis/aboutdb/intlduns.htm>

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and

succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1890-0007**. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** Director, Grants Policy and Oversight Staff, U.S. Department of Education, 400 Maryland Avenue, SW (Room 3652, GSA Regional Office Building No. 3), Washington, DC 20202-4248.

Use the space below to address the GEPA provision.

Notice to Applicants: The Government Performance and Results Act (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2002-2007. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

- Goal 1: Create a Culture of Achievement*
- Goal 2: Improve Student Achievement*
- Goal 3: Develop Safe Schools and Strong Character*
- Goal 4: Transform Education into an Evidence-based Field*
- Goal 5: Enhance the Quality of and Access to Postsecondary and Adult Education*
- Goal 6: Establish Management Excellence*

The performance indicators for the GAANN program are part of the Department's plan for meeting Goal 5: Enhance the Quality of and Access to Postsecondary and Adult Education.

What are the Performance Indicators for the GAANN Program?

The Department's specific goal for the GAANN program is "to increase the number of persons trained at the highest academic level" in the areas of national need. The objective and performance indicators are as follows:

Increase the number of graduate students in areas of national need, including the number from underrepresented populations.

- (1.1) **Graduate school completion:** Increase the percentage of GAANN fellows who obtain a doctorate degree in an area of national need.
- (1.2) **Enrollment of targeted populations:** Increase the percentage of GAANN fellows from traditionally underrepresented populations.

All grantees will be expected to submit an annual performance report documenting their success in addressing these performance measures.

4. The applicant will ensure that it will provide, from other non-Federal funds, for the purposes of the fellowship program under this part an amount equal to at least 25 percent of the amount of the grant received under this part.

Appendix – Executive Order 12372

Intergovernmental Review of Federal Programs

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the Executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on State and local processes for State and local government coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State's process under Executive Order 12372. Applicants proposing to perform activities in more than one State should immediately contact the Single Point of Contact for each of those States and follow the procedure established in each of those States under the Executive order. A listing containing the Single Point of Contact for each State is included in this appendix.

In States that have not established a process or chosen a program for review, State, area-wide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from State, areawide, regional, and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7W301, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, DC time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS.

The list below, prepared by the U.S. Department of Education is an unofficial version of the State Single Point of Contact (SPOC) List published by the Office of Management and Budget (OMB). The Department has made every effort to ensure the accuracy of the information contained in this unofficial version. It reflects those changes made by OMB as of 08/15/01. The only official and up to date version of the State Single Point of Contact (SPOC) List is posted on the Grants Management section of the OMB web site: <http://www.whitehouse.gov/omb/grants/spoc.html>. You may review and/or download the Adobe PDF (portable document format) version of this document at the aforementioned site. Please include this statement in any reproduction of this unofficial list.

You are strongly encouraged to access the Intergovernmental Review (SPOC List) link to the Grants Management Information section of the OMB web page regularly in the course of completing grant applications to be submitted to your designated State Single Point of Contact (SPOC). If you do not have access to the Internet, please use the list below to contact the office or individual listed in order to confirm the State Single Point of Contact (SPOC).

STATE SINGLE POINTS OF CONTACT (SPOCs)

It is estimated that in 2001, the Federal Government will outlay \$305.6 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided on the official version <http://www.whitehouse.gov/omb/grants/spoc.html>.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within one of these States, you may still send application material directly to a Federal awarding agency.

Contact information for Federal agencies that award grants can be found in Appendix IV of the Catalog of Federal Domestic Assistance. [<http://www.cfda.gov/public/cat-app4-index.htm>]

**IMPORTANT NOTICE TO PROSPECTIVE PARTICIPANTS
IN U.S. DEPARTMENT OF EDUCATION
GRANT AND CONTRACT PROGRAMS**

GRANTS

Applicants for grants from the U.S. Department of Education (ED) have to compete for limited funds. Deadlines assure all applicants that they will be treated fairly and equally, without last minute haste. For these reasons, ED must set strict deadlines for grant applications. Prospective applicants can avoid disappointment if they understand that:

Failure to meet a deadline will mean that an applicant will be rejected without any consideration.

The rules, including the deadline, for applying for each grant are published, individually, in the Federal Register. A one-year subscription to the Register may be obtained by sending \$555.00 to: Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402-9371. (Send check or money order only, no cash or stamps.) In addition, the Federal Register is available on-line for free on Government Printing Office (GPO) Access: <http://www.access.gpo.gov/nara>. Depository Library location and Federal Register services: <http://www.nara.gov/fedreg>.

The instructions in the Federal Register must be followed exactly. Do not accept any other advice you may receive. No ED employee is authorized to extend any deadline published in the Register. No ED employees are authorized to extend any deadline published in the Federal Register. Questions regarding submission of applications may be addressed to:

U.S. Department of Education
Application Control Center
Washington, D.C. 20202-4725

CONTRACTS

Competitive procurement actions undertaken by the ED are governed by the Federal Acquisition Regulations and implementing Department of Education Acquisition Regulations.

Generally, prospective competitive procurement actions are synopsisized in the Commerce Business Daily (CBD). Prospective offerors are therein advised of the nature of the procurement and where to apply for copies of the Request for Proposals (RFP). All of ED's RFP's are now available on-line for downloading at the following url:
<http://www.ed.gov/offices/ocfo/contracts/currfrp.html>.

Offerors are advised to be guided solely by the contents of the CBD synopsis and the instructions contained in the RFP. Questions regarding the submission of offers should be addressed to the Contracts Specialist identified on the face page of the RFP. Offers are judged in competition with others, and failure to conform with any substantive requirements of the RFP will result in rejection of the offer without any consideration whatever.

Do not accept any advice you receive that is contrary to instructions contained in either the CBD synopsis or the RFP. No ED employee is authorized to consider a proposal which is non-responsive to the RFP. A subscription to the CBD is available for \$208.00 per year via second class mailing or \$261.00 per year via first class mailing. Information included in the Federal Acquisition Regulation is contained in Title 48, Code of Federal Regulations, Chapter 1 (\$49.00). The foregoing publication may be obtained by sending your check or money order only, no cash or stamps, to:
